GENERAL INFORMATION

The Master of Accounting (MAcc) program is a specialist program for people interested in pursuing a professional accounting qualification. This course incorporates the traditional Master of Accounting program and is designed to provide an opportunity for students with undergraduate training in other fields to gain a professional accounting qualification. The course covers introductory as well as advanced units in financial and management accounting, economics, finance, tax and business law, security appraisal and valuation and auditing. The MAcc offers a firm academic grounding in the accounting discipline and offers a hands-on appreciation of the accounting industry. The program is a powerful amalgam of foundational accounting skills, decision-making, leadership and financial literacy. The Bond MBA is a generalist management program. Designed to blend industry-relevant research with practical applications and
